

SEND YOUR KID TO PULMONARY CAMP

Medical specialty camp for kids - always free!

Pulmonary Camp is June 10 - 14, 2026

- 24/7 onsite medical care
- Licensed & certified medical team and psychosocial team at all sessions
- 200 acres to explore with adaptive activities
- 70+ campers sharing similar diagnoses and experiences
- During Pulmonary Week, Medical staff have an increased awareness of smoke, dust, and chemical particles (like sunscreen and bug spray) that can inhibit breathing. Camp uses gas fire pits to reduce the chance of triggering symptoms, and places purifiers in cabins and any other sleeping locations.

Scan to apply today!

**Priority application deadline
March 16, 2026**

For campers ages 8-15
